

# WE'RE LOOKING FOR YOU!

For over 130 years, Heinrich König GmbH & Co. KG has been synonymous with innovative and reliable products for the maintenance and preservation of surfaces. As a market leader, we develop and manufacture tailored coating systems, fillers, cleaning agents, and care products for professionals in industry, trade, and the DIY sector. We prioritize long-term relationships not only with our customers and partners but also with our employees.

For our location in Niederdorfelden, we are looking to fill the following position as soon as possible:

## Production Planner / Supply Chain Planner (m/f/d)

We are looking for someone who has already gained some practical experience in a comparable position.

### Your future responsibilities include:

- Planning and controlling production in SAP with an eye on economic efficiency
- Ensuring timely delivery to meet customer deadlines
- Optimising batch sizes and safety stock levels
- Maintaining planning-relevant master data in SAP (e.g., materials, work schedules)
- Evaluating planning parameters for optimisation and improved planning control
- Contributing to the optimisation of material and information flows
- Coordination with relevant departments, including production, sales, procurement, warehouse, and shipping

You will report to the Operations Manager of Heinrich König GmbH & Co. KG.

### What we offer:

We provide an engaging workplace with plenty of creative freedom and opportunities for growth. Naturally, you can expect a role and performance-based salary. In addition, you'll find an open, friendly organization and a collaborative work environment.

### Requirements:

- A commercial-technical education, degree, or comparable qualification with relevant practical experience
- Strong SAP skills in production and capacity planning
- Proficiency in MS Office, especially Excel
- Assertiveness and clear, reliable communication are part of your strengths as well as the ability to work in a team, flexibility, and analytical skills
- A structured approach, organisational talent, and resilience
- Analytical thinking and a strong conceptual ability
- An entrepreneurial mindset and self-initiative are expected
- Good English skills, both written and spoken, are advantageous
